

DISCUSSING SENIOR DRIVING ISSUES

Sponsored by Pacifica Senior Living Belleair

Talking to an aging parent about his or her driving abilities is a complex and sensitive issue. How the conversation is approached can make all the difference in maintaining the individual's dignity and safety.

Join us as senior driving expert Lt. Matt Gurwell, founder and CEO of Keeping Us Safe, shares his insight. Lt. Gurwell is a retired Ohio State Trooper with 24 years patrol experience. He has helped many senior drivers and their families ensure a smooth transition from the driver's seat to the passenger seat.

Topics Include:

- When and how should the conversations start?
- Creating a family driving agreement
- What if the senior driver still refuses to stop driving?
- What other transportation options are available?
