

Aging Wisely®

Educational Series

IF YOU WERE DIAGNOSED WITH A CHRONIC ILLNESS TODAY Do you and your family have a plan in place for Long Term Care?

Long term care can be defined as any range of services or support that a person receives to meet their personal care needs, which may include a wide range of medical and social services. One of the most crucial keys to long-term care preparation is to start planning early.

Be informed. Aging Wisely has put together 3 thoughtful classes on Long Term Care*:

- Class 1. What you should do *before* you get sick,
- Class 2. What Legal Documents you must have, and
- Class 3. How to pay for Long Term Care.

Attendees will receive a FREE valuable tool to help them organize their records.

Plan to attend Class 1: What should I do *before* I get sick?*

If you are nearing retirement age, it is crucial to start planning now. While there be specific decisions made depending upon your unique personal circumstances, there are a number of steps that everyone can take, regardless of their circumstances.

Instructor: Linda R. Chamberlain

Linda Chamberlain is a Florida Board Certified Elder Law Attorney practicing in Clearwater Florida since 1991. Linda has achieved Martindale Hubbell's highest rating as an AV® Preeminent™ Attorney.
